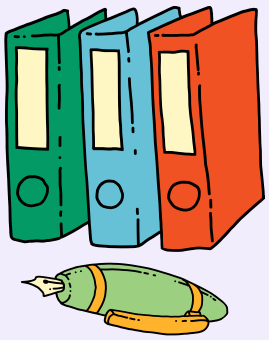
Save your AUSD Volunteer Card in your Apple/Google Wallet

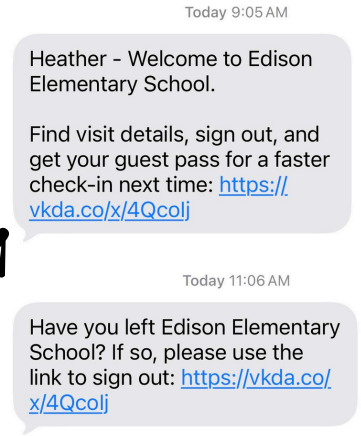


1) Log into the Verkada system and get a badge.

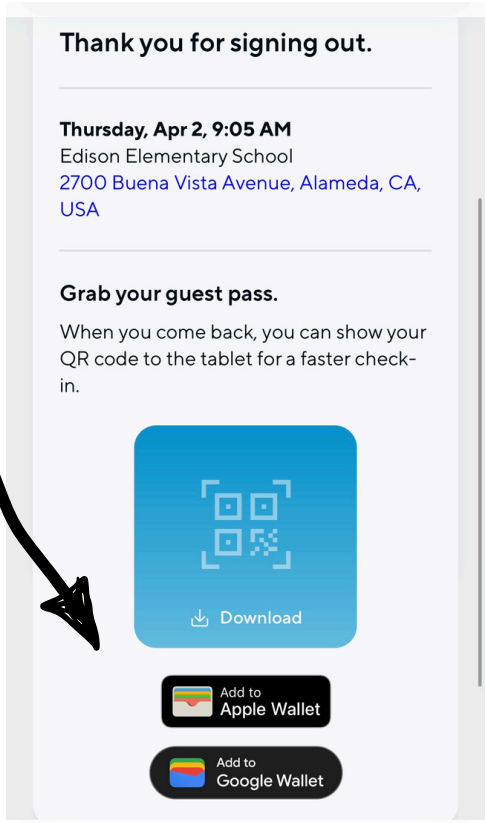
Scan the QR code and check in from your phone, or use the kiosk at counter. You'll need to scan your license, and you'll be expected to take a photo of yourself. Good Job! This is the hardest part. Now, get to class and volunteer!

2) When you are finished volunteering, find the text sent from Verkada and use it to sign out.

Click the link from your text and click "sign out" for the day.



3) Scroll to the bottom and ADD YOUR VOLUNTEER CARD TO YOUR APPLE WALLET

You can use your own Volunteer QR code in your wallet to sign in quickly next time!


Scan your QR code from your phone on the front of the Verkada kiosk.
